PREAMBLE

Home Science is an interdisciplinary field of studies comprising of Food and Nutrition Science, Clothing and Textile Science, Human Resource Management, Human Development and Extension and Communication.

Each of these areas is multi - disciplinary in nature dealing with the 'Art and Science of Living'. The individual, the family and the community are the foci of Home Science.

The undergraduate programme in B.A with Human Development and Family Empowerment (HDFE) has been contextualized and embedded in the broader perspective of life span development. The increasing thrust on development programmes and legislations for women and children generates empowering awareness and prepare the students on 'quality intervention programmes'.

The course also emphasizes the integration and application of knowledge on Early Childhood Care and Education (ECCE), to provide stimulating environment to young children, and also to provide practical experiences of working with children which will enable students to develop necessary skills to work effectively with infants and preschoolers in various settings.

The course offers an interesting assortment of skill based courses and generic courses for students of other disciplines to allow for effective transmission of relevant experiences of daily living.

B A HUMAN DEVELOPMENT AND FAMILY EMPOWERMENT
